Pier Wall on Van Lear Alley

WHAT/WHEN: Crews of R. A. Miller Construction Company will begin work **Tuesday, May 10, 2005** installing a new drilled pier wall on Van Lear Alley off Ohio Avenue in the CUF (Clifton Heights/University/Fairview) Community. **The company should finish by August 8.** Additional work involves constructing a wall cap and steel railing, and installing new sidewalk, curb, and pavement in front of the new wall. Crews will restrict traffic and coordinate access to all properties during the construction.

WHERE: **Van Lear Alley off Ohio Avenue in CUF Community**

The Department of Transportation and Engineering oversees the rehabilitation and improvement of streets in the City of Cincinnati. The Department also works in transportation planning, design, engineering services, structural and geotechnical services, right of way regulation, and construction management. It is the clearinghouse for all City and regional transportation functions, and serves as a liaison to the Southwest Ohio Regional Transit Authority. Visit us at <http://www.cincinnati-oh.gov/dote/> for additional information and construction activity.
